¹ Definition

The term U.S. person means a person described in section 7701(a)(30) of the Internal Revenue Code:

(A) A citizen or resident of the U.S.

² Determination of Malaysian Tax Residence Status

Resident individual is defined as an individual resident in Malaysia for the basis year for a Year of Assessment (YA) as determined under Section 7 and subsection 7(1B) of the Income Tax Act, 1967 ("the Act").

If an individual resides in Malaysia permanently, the question of determining his residence status would not arise. However, citizens of Malaysia are not automatically tax residents. The rules governing the determination of residence status will still apply.

An individual is considered to be physically present in Malaysia for a whole day although he is present in Malaysia for part(s) of a day. There are also other circumstances to determine tax residence status as provided under Section 7 of the Act.
